PREFABRICATION SOLUTIONS

LABOR COST SAVINGS | SAVE TIME
INCREASE SAFETY | ELIMINATE RISKS

Have peace of mind **KNOWING YOUR TRUE COSTS** when you choose **EPCO** Prefab Solutions.

LABOR & TIME SAVINGS | CUSTOM CAPABILITIES

EPCO | Engineered Products Company is a leading manufacturer of electrical specialty products, offering a wide range of standard and custom prefabricated solutions. Our rapid production is unmatched and helps meet timelines quickly and efficiently. Our custom capabilities are extensive and can be applied to a variety of products, including:

- MC Whips
- Flex Whips
- Power Equipment Whips
- Air Conditioner Whips
- Ground Bonding Jumper Kits
- Grounding PigTails and PowerTails
- Temporary Lighting

PREFAB SOLUTIONS, BUILT FOR YOUR SUCCESS!

TIGRESS PREFAB TEMPORARY LED LIGHT FIXTURE

INFINITELY CONFIGURABLE AND IDEAL FOR ANY JOB SITE!

3-Conductor Lever Nut Connectors

TIGRESS Prefab 100-watt
15,000 Lumens
P/N 15742

- INCLUDES (2) 1/2" TRADE SIZE KNOCKOUTS.
- COMPATIBLE WITH CORD, NM-B CABLE, MC CABLE, AND FMC WHIPS (when used with a suitable connector).
- EASILY REMOVABLE FOR USE ON FUTURE PROJECTS.

LABOR & TIME SAVINGS | ENERGY SAVINGS | LIGHTING LAYOUT SERVICE

Accelerated Project Delivery: Prefabricated components arrive ready for installation, minimizing on-site assembly, saving time and labor, and leading to faster project completion.

TIGER XL & TIGERcub TEMPORARY LED LUMINAIRES

TIGERcub 150-watt
22,500 Lumens
P/N 15723

TIGER XL 100-watt
Dual Rated 120-277V
15,000 Lumens
P/N 15738

TIGERcub 100-watt
13,000 Lumens
P/N 15722

- LOWER POWER CONSUMPTION.
- IDEAL FOR USE IN HIGH BAY APPLICATIONS.
- DAISY CHAIN CAPABILITIES.

Economy CordLight
P/N 16400 & 16410

Single Lamp Light Kit
P/N 16024 & 16025

CUSTOMER TESTIMONIAL

"If I install (10) LED CordLights and get one back (after job is completed), (the LED CordLight) pays for itself in labor compared to the labor it takes to install standard caged string lights."

Reduced Costs and Increased Value: Prefabrication offers a cost-effective solution by reducing labor costs, material waste, and rework, while also delivering higher quality results, ultimately boosting project value and competitiveness.

Enhanced Efficiency and Quality: Streamlined prefabrication processes allow for specialized labor and controlled environments, minimizing errors and rework, ultimately improving overall project quality and efficiency.
