

Landscape Receptacle Post

Product Data Sheet

The Landscape Receptacle Post is different from any other “hollow pipe” style landscape on the market. It features an internal wiring compartment/junction box, rated for 19 cubic inches that easily accommodates two (2) 20 AMP circuits. Designed for flexibility, this post accommodates landscape lighting and a variety of receptacles.

Features

- For use with 120V GFCI receptacles and NEMA type 3R weatherproof receptacle cover, when in use. NOTE: Receptacles and cover not included.
- UL Listed as a “Luminaire Fixture Fitting”.
- Meets the requirements of the 2023 National Electrical Code: Articles 314.15, 314.16 (A) (2), and 314.17 (B).
- Replaces EMT, conduit connectors, and weatherproof boxes.
- For use with UL listed landscape luminaires or light fixtures that don’t exceed 12 lbs. or 12 inches in height.
- Constructed from heavy duty 3” PVC pipe.
- Suitable for wet locations.
- Shatter, corrosion, and UV resistant.
- When wiring multiple luminaires, the angled bottom allows UF Cable or Conduit to enter at different depths to eliminate cable congestion.
- Slanted top virtually eliminates water pooling or leaking into the interior of the post.
- The Uni-Stabilizer™ provides solid in-ground support helping resist against ground movement typically caused by ground freezing and thawing.
- Features a Separator Disk™ and SpliceCap™ that creates an integral “junction box” suitable for splicing.
- The PVC SpliceCap is non-metallic and suitable for the majority of outdoor luminaires on the market.
