

Bundled Fixture Bracket Kits

Lighting often consumes a significant portion of a company's annual operating budget, typically accounting for 24% of a building owner's electrical expenses. Engineered Products Company (EPCO) offers a smart solution to this challenge with our Bundled Fixture Bracket Kits for lighting system upgrades.

These kits deliver an average of 5-10% cost savings compared to purchasing individual retrofit products. You can anticipate up to 45% in energy savings, drastically cutting electrical energy costs and ensuring a rapid return on investment (ROI). Our kits quickly pay for themselves, making them the optimal choice for future facility upgrades.

EPCO's kits are designed for ultimate convenience, flexibility, and value, taking the guesswork out of your lighting upgrades by providing distinct advantages:

- Deliberate design (engineered as a complete upgrade solution).
- Multiple installation options.
- Impact resistant construction.
- Bundled package pricing.

We offer six Kits in 4 foot or 8 foot lengths that include:

- Dual or single-end powered lamp holders for direct-wire T8 LED bi pin lamps.
- Pre-wired fixture brackets with supply line conductors and luminaire disconnect.
- 1/4 Turn retainer clips.
- 4.25" Wiring compartment cover.

Note: A 5.0" wiring compartment cover is available separately.

BENEFITS

- Simple upgrade to an energy efficient lighting system.
- Upgrading takes 50% less time compared to installing new luminaires.
- Sustainable, ongoing energy savings.
- Uses your existing light fixture housings.
- Payback periods from 15 months to 3 years.
- Suitable for damp locations.
- Labor and time savings!
- Expedited installation time by 50%.
- Minimal rewiring and recycling on the job site.
- Includes 1-year warranty.
