

# CUSTOMIZABLE DATA CENTER TEMP LIGHTS

CUT THE LABOR, KEEP THE PACE:  
HI-BAY PREFAB LIGHTS AT THE SPEED OF DATA

## WHY CHOOSE EPCO?

### EPCO Temp Lighting for Hyperscale Builds

- High-output illumination for large equipment halls and mezzanines.
- Compatible with the strict safety requirements contractors must meet on large-scale projects.
- Customizable connectors: NEMA L7-20 277V Twist Lock, NEMA 5-15, and 120/277V Locking Plug & Connectors.
- Compatible with SJTW cord, NM-B cable, MC cable, FMC whips when used with suitable connector.
- 3-conductor lever nut connectors.
- Cord Lengths from 1-ft. to 35-ft.
- 1/2" trade size knockouts.
- Stainless steel carabiner.
- Bulk packaging option.
- Easy-to-install.

Bulk packaging cuts down on prefab shop clutter and reduces unboxing time.
