

Splice Kits

- For direct burial
- Labor Savings; eliminates expensive crimping tools
- Accommodates virtually all UF Cable wire sizes

Custom Capabilities

With over 40 years of manufacturing expertise specializing in fixture whips, power whips, distribution cable assemblies, specialty lighting, ground bonding, and wire harness assemblies, we provide complete customization and fabrication services that provide solutions built according to your individual specifications that meet your application requirements.

EPCO can design custom solutions from your specifications, sketches, or drawings and oversee production. These core competencies add sustainable value to our customers:

- “Smart” customization products and services tailored to your needs
- Engineering specifically for design-build products
- Quick turn prototypes
- Integral supply chain partnerships
- Competitive pricing
- Commitment to quality, excellent responsiveness, and on-time delivery

Our resources and experience provide you with innovative, solutions combined with quality UL and ETL listed and recognized materials. If you don’t see exactly what you need in our catalog, call or email our Inside Sales Department at 800-336-1976 or sales@engproducts.com with your product request today.

Welcome to Engineered Products Company

Engineered Products Company (EPCO) is a family-owned business based in Minnesota and has supplied light fixtures and accessories to the agricultural industry since 1976. We have sold millions of our 15000 Series Utility Light Fixtures (the barn light — an industry standard), more than any other manufacturer’s comparable light fixtures because of its outstanding quality and durability.

EPCO is the agricultural industry’s leader in the design, development, and production of light fixtures and the newer LED luminaires, and support accessories. Our energy efficient, cost-effective, and labor-saving products meet a very broad variety of your lighting applications. EPCO products are certified for “damp” or “wet” environments.

If you don’t see exactly what you need, please contact your local EPCO Sales Representative or EPCO Inside Sales (800.336.1976 or sales@engproducts.com), or visit our website at engproducts.com.

The Lee family, from left: Nick Lee (EPCO Central Regional Sales Manager), Pete Lee (EPCO Founder), and Duncan Lee (EPCO CEO).

LED Utility Luminaires

ProSeries™ LED Utility Luminaire

- Die-cast light engine for maximum heat dissipation
- Sustainable solid-state illumination
- Consumes 15-Watts of power
- IP65 rated weather-resistant housing

ProSeries Junior™ LED Utility Luminaire

- Economical
- High lumen output
- Maximum downward lighting
- Consumes 14-Watts of power

Part Number: 15913

Colored Lenses Available!

Part Number: 15982

LED Retrofit Options

ProSeries™ LED Luminaire Upgrade:
Part Number: 15973

ProSeries™ Junior LED Utility Lamp:
Part Number: 15980

Retrofitting from "Jelly Jar" fixture to LED Luminaire

Vapor Tight Luminaires

Vapor Tight LED Strip Linear Luminaires

- 100% impact resistant UV resistant polycarbonate diffuser
- Durable housing made of UL 5VA fiberglass (will not melt or burn)
- Sustainable Solid-State LED Illumination
- Available in 2-foot, 4-foot, or 8-foot Lengths
- Color Temperatures: 3,500K, 4000K, or 5,000K
- Weather-resistant IP65, IP66, and IP67 protection

Standard Mounting Hardware (Available in White Powder Coated or Stainless Steel):
Part Number: GFF-MH

Suspension System Kit:
Part Number: GFF-FSSK

LED Retrofit Conversion Kits for Vapor Tight Luminaires

- Modular wiring to simplify supply line connections to the existing lighting system
- Available in 4 or 8-foot lengths
- 3,500, 4,000, or 5,000K Color Temperatures

Utility Luminaires

Standard Utility Luminaires

- Porcelain Lamp Socket with Corrosion Resistant Screw Shell
- Compression Molded Phenolic Junction Box
- 90°C Minimum Supply Wires

ProSeries™ Medium Base Utility Luminaires

- Suitable for use in wet locations
- Can be used for high-pressure wash down
- Labor savings! Easy to install; uses eight (8) mounting brackets

Part Number: 15000

Part Number: 15800

Junction Boxes

- High impact compression-molded phenolic material
- Corrosion resistant
- Suitable for use in "wet" locations

12 Cubic Inch SPIDERBOX™:
Part Number: 15246

19 Cubic Inch Junction Box:
Part Number: 15049

12 Cubic Inch Junction Box:
Part Number: 15045

Lamp Holders

- Non-corrosive nickel-plated brass screw shell
- UV resistant; will not fade or discolor
- Optional Plastic and Metal Safety Cages

Porcelain Lamp Holder:
Part Number: 16500

Plastic Lamp Holder:
Part Number: 16510

Metal Safety Cage:
Part Number: 16501
Shown with Plastic Lamp Holder, Part Number: 16512
